Other related goals include: restoring the hydrologic function of Swain meadow, improving and maintaining the transportation system and reducing hazardous fuels along a Pacific Gas and Electric transmission powerline that bisects the project area.

The project area is located 2.5 miles North of Westwood, California on Lassen County Highway A-21 (Mooney Road). The project encompasses approximately 10 miles of Robbers Creek within the Upper North Fork Feather River Watershed. The project area includes approximately 5080 acres of National Forest System lands primarily within Lassen County with a smaller portion in Plumas County. The project area occupies all or portions of Township 30N, Range 8E, Sections 7, 9, 15, 16, 17, 18, 22, 26, 27, 34, and 35; Township 29N, Range 8E, Sections 1, 2, 12, and 13; and Township 29N, Range 9E, Sections 6, 7, 18, 19, and 20.
